

REVIEW OF THE WOOMERA PROHIBITED AREA COEXISTENCE FRAMEWORK

Overview

On 11 May 2018 the Government announced the 2018 Review of the Woomera Prohibited Area (WPA) coexistence framework.

The 2018 Review is important to determine if the current framework is working well and where it might be improved. The Review will also examine how the stakeholder environment within Woomera has changed since 2014, when the current coexistence framework was established.

Why We Are Consulting

The Review is seeking to engage with all WPA stakeholders to understand their interests and how they use the WPA. It is important that stakeholder views are heard and considered through the Review process.

Have Your Say

The Review has been commissioned by the Australian Government and will report back by the end of this year. Submissions to the Review are invited from all WPA stakeholders and those with an interest in the WPA coexistence framework. Information about the Review, and how to make a submission, is available on the Department of Industry, Innovation and Science 'Consultation Hub':

<https://consult.industry.gov.au/resources/review-of-the-woomera-prohibited-area-coexistence/>

Please make your submission before 1700 EST on 25 June 2018 to ensure your submission is considered.
